# In strategic pivot, PM vows stronger India-Malaysia ties

PRESS TRUST OF INDIA  
Kuala Lumpur, February 8

INDIA AND MALAYSIA on Sunday vowed to expand their ties in the high-priority sectors of trade and investment, defence, energy, advanced manufacturing and semiconductors with Prime Minister Narendra Modi asserting that both sides are committed to peace and stability in the Indo-Pacific.

Following his wide-ranging talks with Malaysian Prime Minister Anwar Ibrahim, Modi reiterated India's position on combating terrorism as he said: "Our message on terrorism is clear; no double standards, no compromise." The two sides inked a total of 11 agreements and documents to expand cooperation in a range of key areas, including a framework pact for deeper engagement in the semiconductor sector.

Both Modi, who arrived in Kuala Lumpur on Saturday, and Ibrahim appreciated efforts to promote the usage of local currencies – the Indian Rupee and Malaysian Ringgit – for trade settlement.

"We will pave the way for economic integration through strategic trust," Modi said, describing the India-Malaysia relationship as "special". "We are maritime neighbours. For centuries, our peoples have had deep and cordial ties,"

Prime Minister Narendra Modi with his Malaysian counterpart Anwar Ibrahim during the exchange of agreements, in Kuala Lumpur on Sunday

he said in his media statement. Modi also announced India's decision to establish an Indian Consulate General in Malaysia.

In his remarks, Ibrahim noted India's economic growth and said his country would benefit immensely if it could secure more ways and opportunities to collaborate with New Delhi.

"It (India's economic growth) is one spectacular rise in the international eco and trade scene," he said, describing the decision to use local currencies for bilateral trade as "remarkable".

In the talks, Malaysia extended its support for India's permanent membership in a reformed UN Security Council.

Elaborating on engagement in the security domain, Modi said cooperation in counter-terrorism, intelligence sharing, and maritime security will be strengthened, adding that both sides will further expand defence ties.

"Along with AI and digital technologies, we will advance partnerships in semiconductors, health, and food security," he said, noting that the discussions at the CEO Forum opened new opportunities for trade and investment.

The prime minister touched upon India's position on Indo-Pacific and its steadfast views on the 10-nation grouping ASEAN's centrality in the region.

## Higher product coverage in FTA with ASEAN likely

FE BUREAU  
New Delhi, February 8

INDIA'S AIM IS to liberalise trade in 80% of the tariff lines and product-specific Rules of Origin in the review of Asean India Trade in Review Agreement (AITIGA) which it hopes will conclude in the next few months, a senior official said on Sunday.

"Our broad objective is to overall achieve liberalisation of trade in 80% tariff lines. At every country level minimum 70% tariff line liberalisation should be achieved. The discussions are on," Secretary (East) in the Ministry of External Affairs P Kumaran said.

Addressing reporters on the visit of Prime Minister Narendra Modi to Malaysia, he said for the Least Developed Countries (LDC) in ASEAN concessions could be given concessions like on tariff liberalisation and the time given for liberalisation from 70% to 80% tariff lines.

The discussions are also focussing on how to improve Rules of Origin (ROO) by making them product-specific. At present the AITIGA has a provision of a uniform 35% local value addition requirement across all product categories to qualify for trade on preferential duties.

Malaysia chairs the AITIGA negotiations from the ASEAN side. AITIGA came into effect in January 2010. In 2009-10, India's exports to Asean stood at \$18.11 billion and imports at \$25.79 billion. By 2024-25, exports grew to \$38.96 billion, but imports ballooned to \$84.15 billion. India is seeking to address the deficit and market access issues in the review. The review started in 2021 after Asean finally agreed to the review in 2019.

Product specific ROO will make more products eligible for trade on concessional tariffs. It will open markets for newer items like electronics where global supply chains are diversified and local value addition is low in percentage terms. AITIGA covers the liberalization of over 90% of total tariff lines traded between the two sides. Out of approximately 12,169 tariff lines, roughly 10,872 lines have seen some form of tariff reduction or elimination. <
